

## Our application has been approved by the SLDT!

We therefore kindly ask for all of our residents to support, this very important project.

- To date we have collected R4.3m from the R7.5m required (58%), thus a shortfall of R3.2m

### Some feedback on the CCTV project:

- We have received quotations from 2x companies and are in the process in reviewing their solutions.
- These solutions include to have the 8x current masts connected with CCTV and network connectivity. We will provide opportunity for them to present their solutions to the committee after which a decision of appointment will be made.

### Our mini project:

- ◆ We kindly ask residents to assist us with our mini project of **collecting old alarm radios/transmitters which are not operational.**
- ◆ These radios need to be collected/removed and sent back to the supplier so that it can be de-activated.
- ◆ We pay every month an unnecessary license fee that can be utilized to the closing initiative. - We want to save every cent!

As always - Thank you for your support and positive attitude.

**-Always be vigilant and alert of your surroundings and be safe!**

-RSE Committee

## **We know you are ready to pay for your safety:**

Bank Account Name: Ridgefield

Bank: Nedbank

Branch Code: 149745 (Or universal code 198765)

Account type: Current

Account Number: 119 681 3329

**Kindly use the customer code (in the Paxton statement emailed to you) as your payment reference in order to ensure the correct allocation of your payment.**

- ◆ All bank transactions such as EFT's, must be made into the above account.
- ◆ All debit orders will be loaded on this account.

### **How to use WeconnectU**

On a monthly basis you will receive an email from Paxton with a link to your statement, which will enable you to view or download your statement.

The link will remain active, meaning if you use the link on an old statement, you will be able to view your specific account.

Should you have any questions, please do not hesitate to contact Paxton-Cerva at **rse@pcps.co.za**

***Help us to reduce crime & make our neighborhood safer!***

# The next Brookside Meander Spruit clean-up day is tomorrow!

Saturday 5 June  
from 08h00 to 14h00

Then every first Saturday of every month, until we have all the alien trees removed and have good visibility of the area.

This will enhance security and provide an environmentally friendly area to relax, run and walk.

**Please come and support us as we need a lot of help.  
Come when you can and leave when you have to.**

We will always meet at the Bouvardia pedestrian gate and move out from there.

Contact Philip Kesting 083 391 2322 for more information

## Now is the time to join us!

Many residents are not aware that RSE is also offering alarm monitoring, using Quatro as service provider. This service is the same and more than the conventional other security company that operate in RSE.

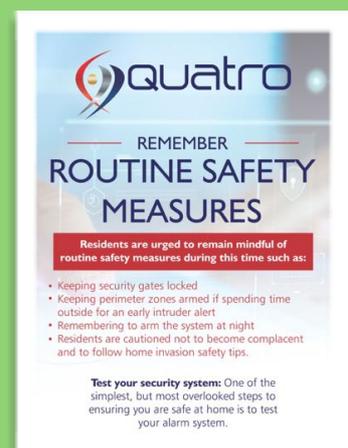

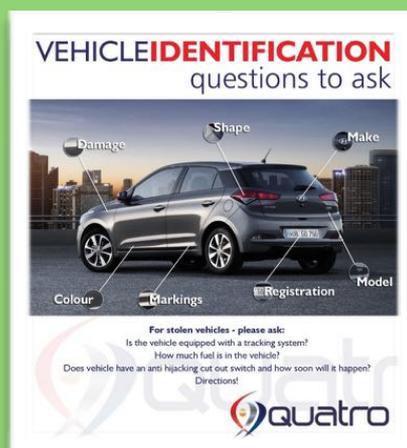

### Why RSE as Alarm Monitoring vs other:

- ✓ Support RSE
- ✓ Contribute to larger initiative
- ✓ Bulk buy / better rates

### “Profit” used to upgrade security in RSE

- ✓ 2 x dedicated armed response vehicles
- ✓ Dedicated control room, knows area
- ✓ Two way radios
- ✓ RSE Emergency group
- ✓ Security group / non-resident / use armed response
- ✓ Security gates / fences
- ✓ Cleaning of spruit

To join joins RSE as alarm monitor service provider, please send your details to Ria at [ridgfield.finance@gmail.com](mailto:ridgfield.finance@gmail.com) with your street address and contact details.

The RSE has depleted its stock of membership boards, and would like to invite anyone who might want to submit a quotation, to do so.

The current boards (example above) have the following dimensions, printed on Chromadek: 408 x 612 x 1 mm.

The bottom part where you see Quatro, must be left blank to accommodate a service provider's sticker with name and logo.

Quotations for 50 or alternatively 100 boards, as well as the approximate lead time to deliver, can be emailed to [malans@lantic.net](mailto:malans@lantic.net)
